

The Tryout Process

Thank you to all players who attended tryouts. During tryouts each player is given four different evaluations and that average forms a ranking. The rankings are used as a guide in the team selection process. The coaches will then select players from the rankings, along with positions, association rules and the coaches' own evaluations.

A general process is created for selecting the teams at each level. This process is fairly consistent each year with revisions that occur through review of the number of players, rankings and number of teams. The process acts as a guideline to ensure fairness in the selections, and allows the coaches to protect and release players for selection of other teams. The ranking process is consistent each year, as is the coaches ability to make additional judgements. Coach selection is a large part of the process. The team selection process also considers the sustainability of the AA Program as a whole.

We congratulate all players in their accomplishment in making a AA team. We encourage all players who were not selected to build on their strengths, talents and skills, and tryout in 2019.

If your daughter has been selected to play for a team outside of their association and chose not to play for that team, they will be released from the AA program.

* rankings and evaluation feedback are not shared with the participants.
