**PARTICIPATION
HANDBOOK**

**R4U COACHES AND INSTRUCTORS
WORKING TOGETHER**

WELCOME

This handbook is designed to help families have a successful season by providing information, guidelines, and policies.

GUIDING PRINCIPALS

These guiding principles represent the ideals of how R4U is intended to be played and experienced.

1. Ringette experiences are meaningful for all participants and teams from the beginning to the end of each season.
2. Ringette is always a fun, positive experience.
3. Every ringette participant, coach, official, volunteer and administrator has an opportunity to improve.
4. Competition reflects the True Sport Principles and the values of Ringette Canada.

TRUE SPORT PRINCIPLES

Go for It : Rise to the challenge - always strive for excellence. Discover how good you can be.

Play Fair : Play honestly - obey both the letter and spirit of the rules. Winning is only meaningful when competition is fair.

Respect Others : Show respect for everyone involved in creating your sporting experience, both on and off the field. Win with dignity and lose with grace.

Keep it Fun: Find the joy of sport. Keep a positive attitude both on and off the field.

Stay Healthy: Place physical and mental health above all other considerations - avoid unsafe activities. Respect your body and keep in shape.

Include Everyone : Share sport with others. Ensure everyone has a place to play.

Give Back: Find ways to show your appreciation for the community that supports your sport and helps make it possible.

INCLUSION STATEMENT

At R4U, we are dedicated to creating an inclusive and welcoming environment for all participants.

Our program values diversity and recognizes the positive impact that a diverse group of participants can have on the sport of ringette. We believe that every child, regardless of their age, gender, ability, background, or skill level, should have the opportunity to participate in ringette and experience the joys of team sports.

We strive to remove barriers and ensure that all children can fully engage in our program.

ENCOURAGING CHILDREN

We recommend offering children praise based on the process of learning and things they can control (growth mindset). Some examples are: their effort, their listening, their determination, their patience, their teamwork, their kindness, and their manners. These are things your child can control and work on in a realistic and age-appropriate way.

We do not recommend focusing on things that are related to natural ability or things your child cannot control (fixed mindset). Some examples are: their height, their natural skill/athleticism, etc. The way we praise our children can influence how they respond to challenges.

ABOUT R4U

Ringette 4 U is an instructor-led program designed for children aged 3-7, with a focus on developing their athletic abilities. Our program combines skill-specific lessons and split ice games to enhance the participants' skill level while ensuring they have lots of fun and enjoy friendly competition.

Our lessons are engaging and packed with excitement, encouraging participants to try new skills and play games suitable for their development. At the beginning of the program, each child undergoes a thorough assessment to ensure they are placed in the appropriate stage of the R4U program. Each stage is carefully tailored to add enjoyment to physical activity and foster learning of this new sport.

At Ringette 4 U, we prioritize the individual growth of each child within a group or team environment. We understand that every child is unique, and we strive to prevent anyone from feeling lost or forgotten within the program.

We are grateful to Assiniboine Credit Union for their continued support of our Ringette 4 U Program.

BENEFITS OF R4U

Players have the opportunity to learn at their own pace from certified instructors who are skilled in breaking down skills to their level. They also have access to experienced ringette athletes as role models, fostering strong relationships and a deeper understanding of the game. In a developmentally appropriate environment, players gain confidence as they improve. Coaches receive comprehensive support through step-by-step lesson plans and on-ice instruction from certified instructors. Additionally, parents get to see their children receive personalized attention, have fun, and make progress at their own pace.

ABOUT OUR R4U PROGRAM

The Ringette4U Program encompasses everyone within Manitoba. Rural communities participate as a town, Urban communities participate as an association/club.

Lessons are run by Ringette Manitoba Instructors and follow the Ringette4U Lesson plans provided for each stage. There will be 1-2 Instructors on the ice for any given lesson. There will be approximately 4 lessons per month that take place in your community. Lesson format will see each squad divided into their 2 stages to focus on the skills and lessons of each stage.

Every game there will be 1 Instructor supervising the on-ice game section played at each level. Each game will have players shifting to different formats throughout the ice time. The game format will be as follows: 10 minute warm up. 40 minutes of dedicated color play (blue with blue, red with red). 10-minute fun games as a full group.

NOTE: Please consult provincial rules regarding the use of shoulder pads.

WHY WE PLAY ON A SMALLER ICE SURFACE

- Modified playing environment to fit the physical size of our kids
 - More touches
 - When a kid gets more touches that means they will develop more.
 - How can kids develop if they aren't participating?
 - For Experienced Players
 - They no longer have the comfort of open ice; they are forced to make quicker decisions because the ice is smaller.
 - For Less Experienced Players
 - They get better because they spend more time with the ring.
 - Promotes Creativity.
 - Increases player participation.
 - Smaller games allow players to keep motivated by staying involved in the game.
 - Speeds up the learning process.
 - Improves decision making skills.
 - Increased competition for all skill levels.
- 

BENEFITS OF SMALLER ICE GAMES:

- Increases the use of core skating skills like agility, balance, coordination and quickness.
 - Number of ring battles significantly increases.
 - Being able to make plays and protect the ring in traffic is a huge difference maker on kids succeeding at higher levels.
 - Fundamental skills are reinforced at a greater rate through game play
 - Less time and space; which increases the frequency of making decisions, provides a better environment for teaching ice awareness and boosts game sense.
 - Higher intensity level of competition, playing against others who are at the same stage as they are.
 - Builds confidence of the lesser skilled players
 - Creates a stronger challenge for more skilled players by having them face more opposition in a smaller space and therefore requiring more skill improvement.
- 

BENEFITS OF STATION BASED PRACTICES:

- Kids are more active than in traditional practices.
- The player will get more opportunities for individual coaching during a practice.
- More repetition with-in a drill, which equals more development.
- Drills are appropriate for their skill level.
- Kids progress through the drill at a pace that is similar to all of the others in that group, no one is rushing up behind them forcing them to go faster and forget the basics of the skill, and no one is in front of them slowing them down.

R4U ASSESSMENTS

The first two practices of every season are the squads 'placement skates'. All R4U participants are to be assessed prior to beginning the program. If there are late entries into the program, please contact the Program Coordinator at Ringette Manitoba.

Placement day set-up and participant sign in:

An identifiable table will need to be set up 45 minutes prior to the Placement skate. This table will hold the Timbits jerseys for new players, welcome packages, new sticks, and sign in sheets. Each association will be required to fill this table with volunteers for the first and second placement skate. All participants must sign in for their assessment. At the time of sign in, each participant will receive a Timbits number, which will help them be identified by instructors and evaluators throughout the season. They will keep this number for both placement skates.

R4U ASSESSMENTS

Skate 1 - Group skate:

There will be Ringette Manitoba Instructors and should be 2-4 Coaches on the ice plus 2-4 Ringette Manitoba Evaluators on the ice (depending on group size). Players will be divided into 2 groups if needed. The instructors on the ice will run players through a Lesson while the Evaluators are assessing on the ice.

Skate 2 - Stage skate:

There should be 3 Coaches on the ice plus Ringette Manitoba Instructors. Based upon the first skate, players will be broken down into red and blue groups. They will be put through a series of drills specific to their level. The coaches & Instructor will then move players to a different group if they feel that they are not being challenged, being challenged too much or are standing out in their group.

Post Assessment and Squad Formation:

The completed Assessment sheets will be forwarded to the Ringette Manitoba office by the Head Evaluator. Ringette Manitoba will then update the player reports for each association based on the results of the assessment. Associations will then form their squads for the year and submit their rosters to Ringette Manitoba.

R4U BLUE

Season Format:

Weeks 1 & 2:

- Placement skates

Weeks 3 - 18:

- 1 Lesson during the week in your community (or closest available community). Ice for lessons should be split the same as games. In the event a community must split ice with another team for R4U lessons, the red and blue would each have $\frac{1}{4}$ of the half.
- 6 weekend games in each half of the season (could be home or away)

Format

Game day will have players shifting to different formats throughout the ice time.

At no time should any games be played on full ice.

Format will be as follows:

- 10 minute warm up
- 40 minutes of dedicated color play (blue with blue, red with red)
- 10 minute fun games (full group)
- Blue v Blue games will be played on $\frac{2}{3}$ ice.
- NO FULL ICE in any format of play at R4U.
- Blue v Blue Rules
- Nets should be placed:
 - 1 on the goal line
 - 1 with the front of the net on the opposite blue line.
 - A crease should be drawn on to the ice with an ice marker or bingo dabber.
- Games are played 4x4 (4 players plus a goalie)
- Games may be played 3x3 or 5x5 depending on team size.
- Goalies may only wear equipment if both teams have.
- Line changes every 3 minutes at the whistle.
- Players should rotate with each whistle and play every second shift (unless large team number do not permit). If both teams do not have equipment, each player should play goal once per game.
- Teams should switch ends at the half.
- Players must pass over one blue line (Indicated in diagram) to their teammates.
- Players must not enter the goalie crease.
- There is no score, or standings kept at this stage.
- There are no penalties called at this stage, however an instructor may stop the play to explain if there "should have been" a penalty.

HEAD COACH RESPONSIBILITIES

Coaching Certification:

Ringette 4U coaching quiz (online).

Coach Initiation in Sport (online).

Respect in Sport online.

Child Abuse Registry Form (semi-annually)

Bench Staff Code of Conduct (annually).

Responsibilities during Ice Times:

The Head Coach plays an important role in the coordination of coaching activities, overseeing assistant coaches, and collaborating with Instructors to review lesson plans. A crucial responsibility involves meeting with the Head Instructor 15 minutes before ice time to discuss lesson plans, game details or if they have any questions or concerns. The Head Coach ensures players' attention during instructions, both on and off the ice, and directs assistant coaches in setting up drills while the instructor explains them. The Head Coach may need to step in for the instructor's roles and responsibilities if the instructor is absent and is prepared to undertake other duties as required. If any issues arise, the Ringette Manitoba Program Coordinator should be contacted.

During the Game:

The Head coach is responsible for having the lines made up for each game. They will direct assistant coaches as to where they need to be. Example: Opening a gate, on ice helping etc. When there is only 1 female coach available, they should always be present on the bench and not on the ice.

Behind the Scenes:

The Head Coach is responsible for

Working with the Manager to ensure that all forms are handed in on time and correctly.

Be a contact for Ringette Manitoba

Ensure certification of all coaching staff is complete and correct.

Planning additional activities for your squad.

Holding a Parent meetings to discuss events of the season.

R4U Instructors are there to help the players but also the coaches. Don't hesitate to ask questions or have them explain their reasoning behind something. Please use them as a resource to help develop your skill set as a coach.

ASSISTANT COACH RESPONSIBILITIES AND REQUIREMENTS

Coaching Certification

- Ringette 4U coaching quiz (online).
- Coach Initiation in Sport (online).
